Animal Lovers of Edisto rescues stray dogs in the Edisto Island area and also partners with neighboring Colleton County shelter to provide food, shelter, vet care, and most importantly, love until the dogs are healthy and socialized enough to be adopted to a loving home. All of the rescues receive basic veterinary care, including an initial exam, vaccinations and spay/neuter surgery, but many have additional healthcare needs that might require medications, treatment for heartworms and sometimes even surgery. Animal Lovers also provides community outreach and volunteers always work hard to help locals and tourists find lost pets in our community.

Animal Lovers of Edisto depends solely on donations to keep the organization going.
